CHAIN FLY SCREENS

The chain screen fly doors come ready assembled and will take less than 5 minutes to hang, Fully anodised, guaranteed not to rust these doors will last for many years. They are available in bright silver, light grey or a striped mixture of these 2 colours.

High quality anodised aluminium chains that are designed to give a smooth 'soft touch' feel that are tangle free and anti snagging. Unlike cheaper brands our links are highly anodised and polished to give a super smooth finish that will continue to look new after years of use.

They are suitable for commercial and residential doors and windows and are pet friendly !

Please call on 01254 386776 for larger sizes

ROLLER FLY SCREENS FOR DOORS

The roller doors can be installed with the cassette either vertical or horizontal. A single cassette can cover a doorway up to 2000mm wide and a double cassette up to 5000mm wide.

Options available are the brake system which slows down the retraction of the mesh and is recommended on double doors or single openers wider than 1200mm, central catch for the double door which allows one door to be left in the closed position so you can use the opposite door for exit/ entry without having to operate both doors.

SINGLE DOOR £175.00

DOUBLE DOOR £290.00

BRAKE £16.00

CENTRAL CATCH £40.00

WIND PILE - NO COST OPTION

ALL FIXING BRACKETS INCLUDED AT NO EXTRA COST

If you need more information please go to our website where you can download brochures and dimensions sheets.

Not sure what to measure? Our measuring sheet is at the back of this price list.

Buy online at www.premiershop.co

HINGED AND PANEL FLY SCREENS

The prices below are for kits which will make 2 screens either to the size selected or they can be cut down to a smaller size. You will receive all the components necessary from the frame to the mesh to the screws to hold the hinges in place, no other items are needed to complete the screen.

Simple DIY skills are required to cut and build the frames and no mitres are needed for the joints.
For ready assembled screens or alternative sizes please call on 01254 386776

MAGNETIC FLY SCREEN PANELS

Our range of magnetic fly screens are suitable for Commercial and Residential use. The screens are easy to install and form a fully sealed unit to the window frame and there is a choice of colours of mesh, all of which are easily cleaned by simply vacuuming.

All the frames are polyester coated aluminium which give strength and durability, anti-chipping and scratching.

The screens can be installed inside or outside and are rust free, and can be purchased as kits for self assembly, OR can be manufactured to your exact sizes.

HINGED FLY SCREEN DOORS

Our range of hinged panel door fly screens are suitable for Commercial and Residential use and we have a choice of two frames.

The screens are easy to assemble and install and form a fully sealed unit to the door frame and there is a choice of colours of mesh, all of which are easily cleaned by simply vacuuming.

All the frames are polyester coated aluminium which give strength and durability, anti-chipping and scratching. There are no mitred corners to cut so assembly is straightforward, and the screens can be installed inside or outside and are totally rust free. The doors are suitable for openings up to 1000mm wide x 2200mm high and can be cut down to any smaller size required.

Domestic door kit £79.00

Heavy duty door £150.00 - White or Brown frames

HEAVY DUTY STRIP MESH DOORS

Our Heavy duty strip mesh fly doors are manufactured from Suntex mesh which is available in Black or Grey.

The panels have sewn in weight and sewn soft touch edges to protect the mesh and personnel as they pass through them.

The panels hook onto a stainless steel header rail and are easily removed for cleaning. These doors will stand up to daily deliveries and goods being pushed through them without causing damage to the mesh.

The prices are for screens up to a maximum height of 2400mm, please call on 01254 386776 for other sizes as these can be manufactured to your requirements.
